BOUNTY LAND.

BOUNTY LANDS.

IMPORTANT NOTICE TO

SOLDIERS, SEAMEN,

AND THEIR

Widows and Minor Children.

A BILL has passed both Houses of Congress, granting Bounty Lands to the following classes of persons, viz:

One hundred and sixty acres to all who have SERVED FOURTEEN DAYS IN ANY WAR of the United States, provided they have not received Land.

One hundred and twenty acres to all who have so served and have received 40 acres.

Eighty acres to all who have so served and have received 80 acres.

And if the soldier has deceased, without obtaining 160 acres, the same allowance as above is made to his Widow, or if no Widow to his Minor Children.

Service in the Revolution—in the War of 1812—and in all the Indian Wars as provided for by said Act.

And all who served the above period in the drafted Militia of the State of Maine in the year 1839, in what is known as the

AROOSTOOK WAR,

Are entitled to its benefits. Also the Militia called out by State Authority and who served the above period, and whose services have been paid for by the United States, and their Widows, and Minor Children.

The subscriber is prepared to receive and prosecute all claims arising under said Act with promptness and dispatch, and upon as reasonable terms as other Agents.

He has many Military Rolls and Copies in his possession, and especially very full ones of the Militia drafted for the Aroostook service in 1839.

As inducements to commit claims to his charge, he ventures to rely upon his long and well known experience and success in those of a similar nature.

He will, if preferred, Purchase the Land Warrants at fair rates.

Application may be made to him at his Office, or if requested by letter, he will send the claimants Declarations with suitable directions which may be executed without the parties leaving their homes.

To secure the receipt of a Warrant early, apply early.

BOUNTY LAND!

B. H. MACE,

Counsellor and Attorney at Law,

WOULD give notice that he is prepared to prosecute all claims to BOUNTY LAND under the act of Congress granting 160 acres to all who have served 14 DAYS in any war since 1790.

Those who have received 40 acres are entitled to 120; those who have received 80 acres are entitled to 80 more. The Aroostook Soldiers (Militia) are included in the above provisions. Widows or minor Children of deceased Soldiers, are also entitled.

Mr M having procured many Warrants under the former Acts and being in possession of the Rolls, feels confident that he can give entire satisfaction to all who may place their claims in his hands.

No charge unless successful, and the highest market price PAID to those who wish to sell. Office in Bilderson's Block, West Market Square, next door to A. W. Paine's office.

More Bounty Lands.

BY the Act of Congress passed March 3, 1855, all Officers, Soldiers, and Seamen who have served FOURTEEN DAYS in any war of the United States since 1775, are entitled to 160 acres of land, if they have not received it. Those who have received 40 or 80 acres, are now entitled to enough more to make up the 160. Those who have received 120 acres are not entitled to any more. The benefit of this Act extends to the widow and minor children of the soldier, but to no other heirs. Those who have been engaged in BATTLE are entitled to 160 acres, without regard to the period of their service.

Persons having claims under this or any other Act, will have them promptly attended to by calling on, or writing to, A. L. RICHARDSON & CO., 11 Railroad Exchange, Court Square, Boston, who pay cash for warrants.

N.B.—We have faithful and experienced agents in Washington, and we make no charge in any case, unless we obtain the land.

Bounty Land Agency.

Press Forward Your Claims!

ARMY and Navy Officers, Soldiers, both Regulars and Volunteers, Sailors, Marines, Militia Men, Musicians, Wagon Masters, Teamsters, Indians, and all persons who may have served fourteen days in any of the Wars of the United States since the year 1790, the law of 1855 gives each of you who have not heretofore received a Warrant for Land One Hundred Sixty Acres! And to all who have received Bounty Land, enough more to make One Hundred and Sixty Acres!!

In the case of the death of the person entitled to land, his Widow, or if no Widow, the Minor Children are entitled to the Bounty.

We are prepared to promptly prosecute all claims for land, and will supply Justices of Peace, County Clerks, Commissioners of Deeds, Notaries Public, Lawyers and all others, with the necessary instructions and blank forms, free of cost, on application, by mail or otherwise.

When desired, we will sell the Warrant at the market price, and remit a check for proceeds.

G. W. STONE'S

LIQUID CATHARTIC

—AND—

FAMILY PHYSIC,

The most important discovery ever made in Medical Science. Being a compound of Barks and Roots, which forms the most powerful, safe and agreeable physic ever offered to the public.

THE necessity for such a medicine has long been felt both by the Physician and private family. Its advantages over all others are, that in the form of Pills or Powders it must be obvious to every intelligent person. It operates in a manner totally different from all other cathartics, and at the same time entirely free from griping, and cuts by administering being quite agreeable to the taste. It not only produces all the effects which physic is required, but completely removes the habit of constipation, leaving the bowels perfectly free. It expels from the blood, and cures and cures for the Piles. Regulates the action of the Liver, frees the stomach from Bile, invigorates the whole Nervous System, and removes the cause of all local pains such as

Rheumatism, Neuralgia, Tic Doloureux, Gout, Pain in the Head, Side, Stomach, &c.

It may also be relied upon in all cases of the Bowel—DYSENTERY, DIARRHOEA AND CHOLERA MORBUS, yield at once to its magical influence. Again we repeat TRY IT!—It needs but one trial to convince the family will be so much it relies they have properly tested its merits. Besides, if you have tried other remedies, without success, despair not—a trial is made at hand. Are you suffering from Scrofula? six bottles of my Liquid Cathartic will cure you. Would you be relieved from Habitual Costiveness? three bottles will effect all that you desire. If you are afflicted with Rheumatism, Neuralgia, or other local pains, two bottles will free you from them.—All humors will be eradicated from the blood by the use of from one to six bottles. In short, if you require a physic for any purpose it is the most reliable, safe, and agreeable to the taste that has ever been placed within the reach of the public.

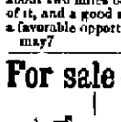
For sale or to let a Bargain!



THE subscriber, wishing to change his business, offers his Tavern Stand (the well known Mansion House,) and Farm, for sale at a bargain.

The house is well located and has a good run of business. It is new, constructed after the most approved plan, and is thoroughly finished, painted and papered from cellar to attic.

Connected with the house is a good Wood shed 20 by 70 feet, Stable 36 by 74 feet, Carriage house 16 by 64 feet, Barn 44 by 84 feet with shed attached 20 by 60 feet. The above buildings are all new and in perfect order. The House and Stable are supplied by aqueduct from a never failing fountain of pure water.

The Farm consists of 135 acres of good land (100 acres of which is in pasturage and tillage) and under a high state of cultivation, cuts from 60 to 80 tons of hay, and has upon it the largest and best orchard in Hancock county.

The Stock and Tools of the place will be sold with it, if desired. Also, some very desirable lots of Wood Land.

The above offers great inducements to any one wishing to purchase, as it will be disposed of at a great sacrifice.

HAS ARRIVED!

The Voluntary Testimony of Living Witnesses, is that

Hayes' Allied Ointment,

and Humor Syrup,

IS the BEST MEDICINE ever offered to the public for the Cure of all Humors.

It has stood the test of more than seven years, and is offering it to the public we are not ignorant of its operation. We know it to be the greatest ALLEVIATOR of PAIN and SUFFERING those afflicted with any kind of Humor, and really one of the greatest blessings to mankind ever before offered to the public, as we can show by the evidence of living witnesses.

Read the following—it speaks for itself.

Lawrence, June 16 1851.

We, the undersigned, citizens of Lawrence, having used the Vegetable Allied Ointment prepared by Dr. L. D. Hayes, of this city, and being personally acquainted with the Doctor, feel pleasure in adding our testimony to all the Doctor claims for his medicine. Unlike other remedies in the market, this preparation performs its office speedily and with perfect ease. The Ointment we have used with the most happy result, after vainly seeking relief by the free use of Sarsaparillas, Salves, &c., &c.

Our experience fully justifies us in confidently recommending it as the article and the only one known to us as performing all it claims.

A. S. BUNKER, A. W. STEVENS, S. THOMPSON, ASA T. SANBORN.

IT CURES

The Salt Rheum, Scrofula, Erysipelas, White Leprosy, Cancerous Humors, Ring Worm, Scald Head, Burns and Scalds, Chilblains, Tetter, (in preparations expressly), Barbers' Itch, Fever Sores and all old Mercurial Sores however long standing. It removes all those vexatious Pimples, Eruptions and Moles or Mildew from the face, leaving the skin perfectly soft and smooth, and adding great to its beauty and complexion. Never in no case will it leave the least mark or scar. It will draw humors from the Stomach, Lungs, Throat and from the Head and Eyes, by an outward application. It improves the sight wonderfully where the eyes are troubled with humors, by removing the difficulty, and restoring the sight.

Hayes' Pile Ointment,

A certain CURE for PILES and all External Irritations. Direct one in the bottle. Price $1.

[Correspondence of the Boston Traveller.]

Commencement at Norwich University.

Norwich Vt., Aug. 10.

Editors of the Traveller:

The annual commencement of this institution was held on Thursday, the 9th inst., and notwithstanding the inclemency of the weather in the morning, the occasion was honored with a respectable attendance. The procession was formed on the parade ground in front of the college building at 10 o'clock, under the marshalship of Gen. Pratt M. C., of Conn., in the following order: Cadets in uniform, headed by Bond's Cornet Band, President and Faculty, Orator and Chaplain of the day, Trustees and Friends, and Graduates of the University.

The exercises at the Church were commenced by music from the Band, which was followed by the opening prayer, offered by Rev. Dr. Hale, President of Hobart (Episcopal) College, Geneva, N. Y.

The first essay was by Charles H. Long, of Claremont, N. H.—Subject—The Educated Farmer, in which the speaker advocated the elevation of Agriculture as a Science, and the establishment of Institutions devoted to its study and practice. He was followed by Samuel E. Briggs, of Claremont, N. H., on Moderation as True Wisdom. This was a political essay and an moderate pretty severely and truthfully on extreme views of public opinion. The third subject, by Charles H. Lewis, of Bangor, Me., was on the Political necessity of War, rather regarding its existence as a blessing to mankind, when viewing it as the harbinger of Commerce, Civilization and Religion. The fourth topic (Natural Philosophy) was ably discussed by W. H. C. Strong, of Pensacola, Fla., and was applied to the practical purpose of life. This was followed by Brownwell Granger, of Boston, on National Pride, a patriotic theme, showing how and in what respect the lines have fallen to this people in pleasant places.

The sixth speaker was Arthur Chase, of Claremont, N. H., on Mormonism, comparing that fanatical system to Popery and Mohammedanism—and far more in its future influence to be dreaded than the former. The essayist urged the necessity of its extinction, or it got too far for remedy without recourse to violence.

Bela C. Buel of Norwich, Vt., delivered an oration on the Law and Police Nations—showing that, with the single exception of the British people, emigration had proved the causes of the decay of nations, while immigration, and even invasions from other lands had raised them to greatness and glory. It was a fact in the times opposed to the present dominant power.

The next subject discussed was the Problem of Life—showing the difference between the ideal and the real, and their influence upon the character of man. By William S. Burton of N. Adams, Mass.

The ninth and concluding piece was a well-conceived poem, by D. Longley Ardrew of Norwich, Vt., on the present position of his students—and of course, served as a fervid and valedictory in its character.

After music by the Band the meeting adjourned to 2 P. M.

In the afternoon, at the house of Mr. Torrent, the process was formed on the parade ground in the same order as in the morning, when the remaining exercises were taken up. After music by the Band, Gen. Pratt introduced to the audience Samuel Eliot, Esq., of Boston, as the gentleman appointed to deliver the address before the Trustees of the Institution. Mr. Eliot selected as a subject—The Study of the Past and of the Present shown, as in the pursuit of learning, the relation of the invisible to the visible. After tracing the progress of letters from the rise in the Orient to their general diffusion along the shores of the Mediterranean, Mr. E. reviewed the character of Cicero as a type of the ancient scholar and representing the spirit and genius of the State. He then passed on to the scholar of the middle ages, when theology was the chief end of scholarship, mingled with the philosophy of the Greek and Roman, and took as an illustration the character of Abelard as the model of the learning of the schools. The last grand end of scholarship was the advancement of the Church, and this spirit was well represented by the acute and learned though gentle and amiable Arnold. The life and character of the great modern scholar and large hearted divine formed a beautiful illustration of what the modern scholar must aim at to secure the end and raise the rank of scholarship, which, with some pointed remarks to the students and faculty present, formed the closing point of Mr. Eliot's beautiful address.

An address was then delivered before the Philomathic Association by the Rev. Orlando D. Miller, of North Adams, Mass., and one of the former graduates of the Institution. His subject was Heroism, together with the recognition of a Divine hand in human history. This production was strongly imbued with the spirit of the age, and abounded with metaphor and grandiloquence.

The degrees were then announced by the President, and the diplomas delivered in the name of the Trustees by Gen. Pratt. The following are the graduating class in Science: Charles H. Long, Samuel E. Briggs and Arthur Chase, all of Claremont, N. H., Charles H. Lewis, of Bangor, Me., Bela C. Buel and Delano F. Andrus, both of Norwich, Vt. The degree of M. A. was taken by W. S. Burton, of North Adams, Mass., and conferred in course on J. V. Standish.

The honorary degree of LL.D. was conferred on the Hon. Mr. Lee, a graduate of this Institution, and at present Chief Justice in the Sandwich Islands, and that of D. D. on the Rev. Gregory Thurston Bedell, Rector of the Church of the Ascension, city of New York. After the presentation of the Diplomas, the graduating class was addressed affectionately and earnestly by the President, as to their future in life. They were directed to the acquisition of wealth and fame, but to acquire it honorably, by diligence and integrity, and to resist temptation in every form, that in their future life they might live and act for their fellow men and for their God. This closed the literary exercises of the day.

Immediately after the adjournment from the church, the usual military exercises took place on the parade ground, which consisted of infantry and artillery drill, and fencing. In the evening the President held a levee in the large hall, which was well attended, both by friends from abroad and the citizens of Norwich generally.

The number of Cadets belonging to the University is nearly 60—about the same as at the Commencement of last year. The prospects of the Institution at present are quite encouraging. The President of Norwich University is the Rev. Edward P. Bourne, LL.D.—a ripe scholar and an able man.

LYNN MATTERS.—The Lynn Day State says that there is a steady improvement in the shoe trade, and adds:

"Not only has the number of manufactories increased, but larger and better arranged ones have been put up, and many old ones have been

NEWSPAPER ARCHIVE®

enlarged and refitted to accommodate the rapidly growing trade. The low state of the stock of shoes in the hands of the manufacturers, and the liberal supply of orders on hand, are a sure indication that there will be no lack of work through the coming fall and winter, at present prices, which are quite as low as they ought to be for the interest of all parties."

A gentleman intimately acquainted with the trade, expressed the belief, a few days since, that more boots and shoes had been sold in Boston within the past three weeks, than were ever before sold there in the same length of time. However this may be, it is quite certain that the trade, though rather late this season in starting, has been most satisfactory since it began

The Maine Law Issue.

Of all the ridiculous and false assertions made by the hunker and rum presses of this State, that which they now make, of an intention on the part of the Republican party to lay aside or abandon the Maine Law issue, in the coming election, is the most ridiculous and false. The Republicans have taken strong ground in favor of prohibition, all over the State, and will sustain it against all the assaults of the liquor men and their tools. This is so well and universally known, that it needs not even the simplest statement of the fact. The friends of temperance and of the prohibitory principle, know full well that the only hope of saving that principle from destruction, and the State from being again flooded with rum, under a universal license system, is in the success of that party in the approaching election. Let the hunkers prevail, and the whole principle of prohibition goes by the board, and there will then be no effective restriction of the rum traffic. This is so palpable a result, that even those who think the present law needs modifying, but who do not wish its distinguishing features destroyed will never vote to put its fate in the hands of its enemies. Our hunker friends can therefore make nothing out of their misrepresentations of the Republican party in this matter. No friend of the temperance reform will look to either of the further candidates for aid and support to the Maine Law.

First Fruits of the Nebraska Iniquity—Infamous Enactments of the Kansas Legislature.

We present below an act passed by the Kansas legislature, "to punish offences against slave property," which is one of the most outrageous and inhuman laws that has yet found place in any black code of the south—and that, too, be it remembered, in a territory which was but lately free from the curse of slavery, by a solemn compact supposed to be of perpetual validity.

This infamous enactment, passed by a legislature illegally chosen in fact by Missouri ruffians, but which is permitted nevertheless to stand as the law-making tribunal of Kansas, reads as follows:

AN ACT TO PUNISH OFFENCES AGAINST SLAVE PROPERTY.

Sec. 1. Every person, bond or free, convicted of raising a rebellion of slaves, free negroes, or mulattoes, shall suffer death.

Sec. 2. Every free person who shall aid in any rebellion of slaves, &c., or do any overt act in furtherance thereof, shall suffer death.

Sec. 3. If any free person shall by speaking, writing, or printing, advise, induce, &c., any slaves to rebel, conspire against or murder any citizen of Kansas, or shall import, or aid in importing such documents, he shall suffer death.

Sec. 4. If any person shall entice, decoy, or carry out of Kansas any slave belonging to another, with intent to deprive the owner thereof of the services of such slave, or procure the freedom of such slave, he shall suffer death, or be imprisoned at hard labor for not less than ten years.

Sec. 5. If any person shall assist in enticing, &c., (as above,) he shall suffer death or be imprisoned at hard labor for not less than ten years

Sec. 6. If any person shall entice or carry away out of any State or Territory of the United States, any slave * * * * and shall bring such slave to this Territory, &c., * * * he shall suffer death or be imprisoned at hard labor for not less than ten years

Sec. 7. If any person shall entice any slave to escape from the service of his master or owner * * * or shall aid any slave in escaping * * * he shall be imprisoned at hard labor for not less than five years.

Sec. 8. If any person in this territory shall aid or harbor any escaped slave from another State * * * such person shall be punished in like manner as if such slave had escaped from his master in this territory.

Sec. 9. If any person shall resist any officer while attempting to arrest any slave that may have escaped * * * or shall rescue such slave, or aid such slave to escape from the officer—the person so offending shall be imprisoned a hard labor for not less than two years

Sec. 10. If any marshal, sheriff or constable, or the deputy of any such officer, shall, when required, refuse to aid or assist in the arrest or capture of any slave that may have escaped such officer shall be fined not less than $100, nor more than $500.

Sec. 11. If any person, print, write, introduce into, publish or circulate, or cause to be brought into, printed, written, published or circulated, or shall knowingly aid or assist in bringing into, printing, publishing, or circulating within this territory any book, paper, &c., containing any statements, doctrines, &c., calculated to produce a disaffection among the slaves of this territory, he shall be punished by imprisonment at hard labor for not less than five years.

Sec. 12. If any free person, by speaking or by writing assert or maintain, *that persons have not the right to hold slaves* in the territory, or shall introduce into Kansas, print, publish write, circulate, or cause to be introduced into the territory, written, printed, published, or circulated in this territory, any book, paper, magazine, pamphlet or circular, containing any denial of the rights of persons to hold slaves in this territory, such person shall be deemed guilty of felony, and punished by imprisonment at hard abor for a term not less than two years.

Sec. 13. No person who is conscientiously opposed to holding slaves * * * * shall act as a juror, on the trial of any prosecution of any violation of any of the sections of this act

Act to be in force after Sept. 15, 1855.

The St. Louis Democrat condemns the act in strong language. Calling attention to the 12th section, it says:

"This is neither more nor less than making a difference of opinion on a constitutional question a penitentiary offence. It establishes the prison and the pillory as the arbiter of constitutional law. Men are no longer to be permitted in the new Territory to express abstract opinions upon moral questions without suffering the opprobrious penalties of a State penitentiary, and this is what is called opening the Territories to the people of the whole Union, and admitting all persons to the enjoyment of its fair land."

Can any freeman of Maine read the above without feeling his soul rise in indignation against the villainous authors of the Nebraska outrage who have opened that broad territory to the incursions of the slave power, and to the control of men who could pass such laws in cool blood? In the face of such pregnant indications of what the slave power is doing and intends to do, in Kansas, can any man regard for a moment the false notions of the Hunkers that the Nebraska question is a *past* issue—a "dead" question! Are they prepared to rank ignominiously at the feet of the slave power, and give up their resistance to such outrages as the repeal of the Missouri Compromise—as they will do if they permit Maine to range herself on the side of the Pierce and slavery administration?

We ask any true and honest man among those who formerly composed the Whig party—any man who has truly held to the prominent and vital anti-slavery principles always held by the Whigs of the north, while that party could act effectively as an independent and separate organization—we ask any such man to consider the atrocities of the above act—its inhuman penalties against all who may in any manner interfere with the safety of chattel slavery in Kansas and against those who venture to exercise the right of speech so *far as to even mention the righteousness of holding slaves there*—and then consider whether he can possibly act with a political party which declares *that there is no issue now on the Kansas and Nebraska question*, and thereby bid entire his willingness to acquiesce in all these enormities. Can such a man be willing to let this Kansas question lose unregarded this year, and thereby throw the power of the State into the hands of the Pierce democracy, and open the way for a pro-slavery triumph next year?—The satellites of slavery have now the power in Kansas, in consequence of the servility and treachery to freedom which has actuated the national administration. It is not a vital question, whether Maine shall this year furnish a political triumph to that administration and so strengthen its hands as probably to give it another lease of power, and thus crush the hopes and the strength of the friends of freedom for an indefinite period in the future—or whether a majority of the Republican party which declared FREEDOM NATIONAL AND SLAVERY SECTIONAL, shall continue to wield the power and influence of the commonwealth which leads the sentiment of the north? This is a question which we may safely leave to the sober judgment of every honest man.

Crops in Stark County, Ohio—Ohio Flour.—A gentleman residing at Massillon, Stark county, Ohio, writing to a correspondent in this city, on the 13th inst., says: "There is in this section great promise of crops this year, the wheat being now mostly secured. The price of wheat will probably fall, the present price is about $1 37½ cents per bushel. Corn is looking well."

The gentleman who wrote the above harvested 125 acres of wheat. We learn by another correspondent from the same place, under date of August 11th, that the general appearance of the wheat crops in this vicinity before harvest began was remarkably good. "Those fields which have been gathered in, threshed and measured, yield about thirty bushels per acre. The damage done by the weevil is two or three per cent. of the whole; damage by rain twenty per cent. The average yield, however, is good—not less than twenty-five bushels per acre. The oat crop is perhaps as large as ever before, but tangled. We had about ten days rainy weather during the harvesting. The prospects of the corn are good. Potato crop uncommonly good. The average yield of the hay crop, clover and timothy, was about one ton per acre; crop was light, but secured in excellent condition."

Stark county is rated the second county in the United States for the production of wheat—Lancaster county in Pennsylvania standing at the head of the list. It is generally supposed that the Genesee valley is the best wheat growing section in the country, but we are assured that this is a mistake. A writer in the New York Daily Times, speaking of the wide reputation of Genesee flour, shows it to be a fictitious one, as much of the flour branded "Genesee" is made of wheat grown in the western States and Canada. He says:

A number of years since, the best flour was undoubtedly obtained from wheat grown in the "Genesee Country," embracing a dozen or more counties in Western New York. The superior character of this flour was owing, in part, to the excellent mills in that section. This fact having become known among Eastern consumers, this flour acquired an established reputation, which it has retained long after there was any real grounds for the distinction. Bakers, and those who use large quantities of flour, have been aware of this, and it is seldom that we see the flour unbranded at their establishments marked with the practically obsolete brand. Equally good flour is now obtained from wheat grown in Canada, Ohio, Michigan, Indiana, Illinois and Wisconsin. But the great majority of families still cling to the old brand as the only one worthy of confidence.

The truth is, not one-fourth of the "Extra Genesee Flour" sold in this market is made from Genesee wheat.

The New Market—Connection.—The statement made yesterday, on the authority of the Mercury—that the new Market Hall had been let for a portion of the time to Mr. Wm. B. English, for theatrical performances—is incorrect. We are informed by one of the proprietors that no such arrangement has been made

The hall is now rapidly advancing towards completion—the ceiling being now ready for the fresco painters. Its ample dimensions and fine proportions, and the convenience and beauty of its arrangements strike every one with admiration. It is the largest hall in the State, and we think will be equal to any for beauty We learn that a Concert will probably be given at the opening, by some of the best vocalists of the city; and that its next occupation will be for the Annual Session of the Penobscot Musical Association in the fourth week in October, if no unexpected delays occur in the completion.

We observe that Messrs A. L. & R. C. Loyd, Confectioners and Fruiterers, and Mr. William Boyd, dealer in Butter, Cheese, and other Produce, entered upon the occupation of their stalls in the Market House, during our absence from the city.

Horrible Death of a Horse.—Yesterday afternoon a valuable colt, about three years old, belonging to Mr. Benj. Barnes, of Hermon, was killed in a most painful manner. It was hitched near the Exchange, and being a little disturbed or frightened by another horse going by, became excited, and rearing upon his hind legs, came down with his whole weight upon a sharp post, which penetrated his abdomen. He was lifted off by the by-standers, but in his struggles enlarged the wound so that a large part of his entrails came through. As he fell upon the side-walk, a humane individual endeavored to put an end to his misery by knocking him on the head with an axe; but the blow seemed only to arouse him—for he immediately sprang up and ran a considerable distance up the street. He soon fell, however, and another blow despatched him. We understand the animal was valued at about $100.

Rev. Dr. Harris.—We regret to learn that this gentleman, on Sunday last, formally announced to the South Congregational Church, that he had been invited to the chair of Theology in the Bangor Theological Seminary, and that after mature deliberation he considered it his duty to accept. The position to which Dr. Harris is called, is a most important and honorable one, being that now occupied by the distinguished theologian Dr. Enoch Pond, the head of the Bangor Seminary, and which he purposes to vacate, on account of his advanced age, as soon as his place can be filled.—*Pittsfield Eagle, 17th.*

It is not strictly true that Dr. Pond retires from the chair of Theology in the Bangor Theological Seminary "on account of his advanced age." The truth is, Dr. Pond has discharged the duties of *two* professorships, viz:—those of Christian Theology, and of Ecclesiastical History, for more than twenty years. Last autumn he notified the trustees that he must be relieved of one of them; and he preferred that they should appoint a professor of Theology; leaving him in future to devote his time and strength to the department of Ecclesiastical History. This arrangement was acceded to by the trustees, and hence the appointment of Mr. Harris to the chair of Theology. Mr. Harris is regarded as eminently qualified for the station, and the friends of the Seminary will all rejoice (any none of them more than Dr. Pond) that so his assistant to take it.

Whipping an Abolitionist.—The Springfield Sputter Sovereign of August 7, describes in the following classic terms what it styles a "most interesting ceremony!"

"The most interesting ceremony ever witnessed in this town was the whipping of a live abolitionist, with the euphonious name of J. W. B. Kelly, who hails all the way from Cincinnati, Ohio, by Mr. Grafton Thomason, late of Clay County, Missouri. Mr. Thomason, a short time ago, lost a valuable negro woman, who, it was thought, was induced to decamp herself by the thieving scoundrel who is the subject of this article. Kelly, who was heard to express himself in the matter, severely reproached Mr. Thomason for being a slave-holder. Mr. Thomason on hearing of the matter, called on the said Kelly, who gave him to understand that he did not speak to men who owned negroes. Mr. Thomason did not wait for further expressions from him, but seized the independent individual and nearly wore him out against the ground. A friend attempting to interfere, was by one blow from the powerful fist of Mr. Thomason, landed backwards on the other side of Jordan.'

A meeting of the citizens was called on the following morning, and a committee appointed to command Kelly to leave the place at one hour's notice. The absence in the town of the article "tar," prevented the citizens from dressing him a coat of tar and feathers. He left between two days; and should he ever come back, he will be forced to go through a light rope performance."

The above described transaction was sanctioned and applauded by a public meeting of of the people of Atchison, Mo., where the whipping took place. The meeting also resolved to purge the town of all resident abolitionists, and appointed a committee to test everybody's fealty to slavery, by presenting certain resolutions for signature. Whipping abolitionists is a fine amusement in Missouri, and one which will be relished highly by the slave-holding "sovereigns" who have got possession of Kansas, and who according to the Portland Standard resolutions will determine the institutions of that territory. Hanging, whipping or imprisoning everybody who presumes to doubt the rightfulness of Slavery, appears to be among the foremost institutions thus far adopted. See the new about slave property passed by the Kansas Assembly, and printed in another part of this paper.

The Mercury of last evening contains an article deprecatory of the course of the Whig in an article published a few days since. If the Mercury has a desire to strike hands with the opponents of the Republican party, the present is as good time as it will find, when they need its help, and the Republicans can get along without it.

If there is any reason or apology, or even excuse for Mr. Blake going into a public caucus and making the web of his discourse to consist in the abuse of the personal and moral character of Gov. Morrill and the officers of the State government, we should be glad to know what the apology is, either from the editor of the Mercury or any other source. We know of no such reason—we do not believe that there is any such excuse, but believe that Mr. Blake made his attack to get my political capital, and in all such cases we deem it both a duty and a right to resist such proceedings, and to hold their authors up to public notice. Mr. Blake and his friends may think the extreme reluctance we have ever to make a personal allusion, that we did not open an exceedingly interesting chapter of political and personal affairs—The Mercury will please not provoke us to take two subjects for dissection at once.

Peaches in Bangor.

To the Editor of the Whig and Courier

Let me say that our mutual friend, Albert Noyes, Esq., of the Fourteenth street nursery and Pomological garden, has sent me a large, handsome, high colored and fragrant peach of his own growing in the open air. We do not know by what mystery of shovel and hoe craft this has been accomplished—Mr. Noyes must tell that story in full, himself—but this we are sure of, that not many better or larger peaches ever reached Bangor.

Mr. Noyes is a good cultivator. He is enterprising, full of courage, and knows no such word as fail, and we know that such a man well deserves success. We have not the remotest idea that the raising of peaches will become common in our city, but the effort to try all kinds of fruit, and to experiment largely will yield good results, and are worthy careful attention.

Ex-E.

We learn from the Journal that on the 11th inst., John Batten (an Indian) found a man dead in the woods on the north line of the town of Chester—He was middle aged, light hair, and had on white overhauls and striped drilling shirt. He stopped at Jackson Hale's house in Chester the first Sunday in July and said he was from New-York and was going to Denver, but went into the woods The body was buried by the Selectmen of Chester. It is supposed that he was deranged.

Street Commissioner Wingate has been doing a capital job in grading the Jordan Hill, and the deep gulley beyond, and putting the road excellent shape. The opening of that beautiful road, the Valley Avenue, has made this work the more important and necessary.

The crop of plums, apples and pears in this vicinity, will be very small the present season, indeed the plum crop may be regarded in this city at least, as a total failure.

Providence, Aug. 21.—Rev. Dr. Sears, of Boston, was this morning unanimously elected President of Brown University.

The Portland Advertiser says in reference to Clifford, Farley and Sanborn stumping together at Farmington, that Clifford has greater wind, than the last named have bottom. Michael suggests that the wind and bottom together, will make a good enough *organization* for the new fusion.

Vegetation this year is very rank. We noticed one instance where a man's squash grew so rank, that he had erected a double fence, or rather two fences to keep them in.

Messrs Edwards and Co., will accept our thanks for late Boston papers by their Express.

The Bangor and Oldtown Railroad Company, are making extensive improvements in by filling, about their depot in this city.

The late Abbott Lawrence.

Mr. Lawrence was born in Groton, Mass., December 16th, 1792, in which place his boyhood was passed. His father was a soldier during the American Revolution, and at the close of the war held the rank of Lieutenant in the American army. His mother was a woman of great native powers, so that the educational influences of home were admirably calculated to mould his character. In 1808, at the age of sixteen years, Mr. Lawrence came to Boston. He once said he was "a poor, unknown and friendless boy." He entered the retail dry goods shop of his brother Amos, whom he most faithfully served during his minority.—This shop was in the lower part of Washington street, near Dock square. When he became of age, he entered into partnership with his brother, under the firm of A. & A. Lawrence. Notwithstanding the embarrassments of this period, the new firm was successful, and their devotion to business was well rewarded. When the news of peace with Great Britain was received in 1815, Mr. Lawrence sailed for Liverpool in the first ship which left Boston for that port, and was among the first of his countrymen to arrive in England, and renew the commercial relations which the war had disturbed. From this time the business of the firm increased, and almost all their enterprises were crowned with success.

In 1819, Mr. Lawrence was married to Miss Katharine Bigelow, of Medford, the daughter of the Hon. Timothy Bigelow, an eminent lawyer, who occupied a high rank among the learned men of his time. Three sons and two daughters, all of whom, are married, are the living issue of this marriage. A brother, (Samuel Lawrence), and two sisters (Mrs. Woodbury and Mrs. Green survive

He engaged in manufacturing and became highly successful. His part in establishing Lowell, Lawrence, Manchester, need not be more than alluded to. He was elected to Congress by the people of Boston in 1834, retired after a short but distinguished service, and was re-elected in 1839. Becoming sick, he resigned his seat and gave way to Mr. Winthrop.

He was one of the commissioners during the negotiation of the North Eastern Boundary, and did his duty faithfully. He visited Europe again in 1843, headed the Clay Electoral ticket in 1844, and was a prominent candidate for the Vice Presidential nomination in 1848.

The history of that time is familiar. After Gen. Taylor was elected he was offered the Secretaryship of the Navy, and declining the office, was made Minister to England. Since his return he has been in a great measure retired from public life

The world knows his public gifts, and liberal donations for measures of general interest,—his private charities were large, and in numerous cases his wise counsel was better for the recipient than anything else would have been. He not only gave liberally himself to such objects as his judgment approved, but he induced others to make donations, who were not accustomed to such things

Mr. Lawrence was a man of the profoundest religious convictions. His intellect and heart alike acknowledged and recognized the truth of revelation, and his conduct was guided by the precepts of the gospel. No excitement of business or public life was allowed to interfere with his love of Christian duty, and few pastors have had a more constant and attentive worshipper. Those who have been privileged to enter his apartment during his last illness, have heard from his lips the most comforting and delightful assurances of his resignation to the will of Heaven, and his trust in his Creator's love and favor.

Mr. Lawrence was a Unitarian in his religious views, but in his charities and sympathies he was a liberal Christian in the most enlarged sense of the term. His pastor, the Rev. S. K. Lothrop, D. D., of the Brattle street church, will doubtless pay fitting tribute to his life and character.

Mr Lawrence's Disease.—A post mortem examination by Dr. Bigelow, shew the following results:

The liver and gall bladder were found adhering to the large intestine and to the wall of the abdomen. In the midst of this adhesion was an ulcerated cavity, which had found an opening at one extremity into the base of the gall bladder and at the other into the ascending colon. There were ulcers in the stomach and in the upper part of the small intestine, the former of which had to nearly perforated the coats of the organ that a probe was passed through without sensible resistance. There was disease of both organs of the kidneys and some other organs

A very large public meeting was held at Faneuil Hall, on Tuesday, at which speeches in eulogy of the deceased were made by Hon. Rob't C. Winthrop, Hon Edward Everett, Hon. Wm. Sturgis, Hon. J. T. Stevenson and others; and the following resolutions passed:

Resolved, That we request the owners and masters of vessels in the harbor to display their colors at half-mast on the day appointed for his funeral.

Resolved, That we will, on that day, close our places of business, and that as a sad duty, we will attend the funeral services

Resolved, That the officers of this assembly be requested to communicate these proceedings to the family of the deceased, with assurances of the public recognition of his virtues, and of the public sympathy in the days of their bereavement.

Free Mexico. *New York*, Aug. 21.—The Mexican Correspondent of the Tribune gives some interesting particulars of the Texan connection with the revolution of the Mexican Frontier. The rich planters in the neighborhood of San Antonio, he says, have sent an agent to Vidaurri, with the proposition that if he will make a treaty guaranteeing the surrender of all Fugitive Slaves on the Mexican side, they will reciprocate the act by returning all persons who escape to Texas, and also place 1000 men at the disposal of Vidaurri, equipped and officered in the same manner as the regular troops of the United States, and bear all expenses until the troops so furnished shall arrive at any place that Vidaurri may designate.

The Texans had already raised $200,000 for the purpose, and their agent had already had an interview with Vidaurri at Saltillo. The same writer states that Caravajal had a disagreement with Vidaurri, and had retired in disgust. The latter was about to march on the Interior as far as San Louis Potosi.

The telegraph office at Sandoval, Ill., was set on fire by electricity on Tuesday night last, during a storm. The fluid came in on the wires in such currents as to ignite the paper on the operator's table. The fire was put out before any material damage was done.

David Wright, convicted of the murder of A. M. Robinson, at Columbus, Ga., commenced sawing off the chain from his leg, and set fire to his cell, in order to knock the jailor down and escape when the alarm was raised. The fire, however, became too hot before he got the chain off, and he was discovered roasted to death, having crawled off as far as the chain would allow him.

Henry T. Wells was killed at Woodbury, Tenn., in a drunken row, whereupon the citizens assembled and resolved they would not sell liquor themselves, would not rent their property to a liquor seller, and would not sell property to a man who would use it for such purposes. They then made up a purse, and bought all the liquor in the place, rolled the barrels into the street, poured out their contents, and set fire to them.

Arrests for Alleged Conspiracy with Intent to Defraud a large number of Boston Merchants.—In the Police Court, yesterday afternoon, a merchant of Haverhill, Mass., named Roland H. Macy, and his clerk, E. F. Cushman, were brought upon a complaint made by Eben D. Jordon, merchant of this city, charging them with an attempt to defraud the complainant and several other firms of this city to the amount of $25,000, by a criminal conspiracy. The complaint alleges that Macy has made a conveyance of his property to his clerk, Cushman, for the purpose of preventing attachments by his creditors; and that by so doing he has violated an old statute, framed during the reign of Queen Elizabeth, and which is now incorporated in our criminal code and in force.

They were held to bail in $5000 each, and further in $3500 in four civil suits each.

The following is a list of the firms in this city, who allege that they have been defrauded of the amounts appended to their names, by the defendants:

Chandler & Co., $1500, Sweetser, Goodkin & Co., $1500, McGilvray, Wyman & Co., $300; Jordon, Marsh & Co., $2000, W. A. Holloway's Pills, the most celebrated Remedy in the Union for the cure of Diseases of the Liver and Stomach. Edmund Algar, of Cooperstown, New York was for the period of sixteen years, a complete invalid to himself, and a burden to his friends. He suffered so severely and continuously from liver complaint, and a disordered stomach, that he was constantly, for weeks together, confined to his bed. The doctors did him no good, and he therefore left off consulting them. After weeks ago he commenced using Holloway's Pills, and his wife called last week at the store of Professor Holloway, to acknowledge most gratefully that her husband is quite cured. Professor Holloway hopes that the thousands others in the Union who have been benefitted will now come forward

Latest.

The following additional news, telegraphed from London, was received by our Liverpool agent just as the Pacific was on the point of departure:

London, Saturday morning, 11th.—The Russian General Mouravieff pretends to be besieging Kars, but in reality he appears to be looking about the neighborhood of the city, picking up oxen and horses, while waiting to learn something to his advantage. Kars is not invested. The Journal of St. Petersburg states that on July 14th, a gun-boat carrying the British flag appeared before Atchakoff, and threw a number of shells into the Russian batteries. Atchakoff, it will be remembered, commands, together with Kilburn, the strait, about 2½ miles wide, by which the lagoon of the Dnieper communicates with the Black Sea, and must be passed on the way to Nicholaiff Kherson. The boat referred to was probably taking soundings.

The official Russian papers contain an account of a third bombardment of Genitchi on the 19th, by three gun-boats and two screw steamers. The stores of straw near the shore were set on fire, and a number of houses were burned.

Three Labanoff Rostovsky, who was in command, withdrew his troops in order to avoid loss of life, and thus, says the Journal, Genitchi was exposed almost without defence, to a third bombardment. The allies after destroying which imparially the farms and the fishermen's huts on the shore, drew nearer the city evacuated by the troops and abandoned by the inhabitants, and directed their projectiles at the temple of God built in the place, and upon which they concentrated their fire. Towards 9 o'clock in the evening a shell which was thrown upon the church burst in the roof and caused a fire from which the belfry alone escaped.

On July 20th the two steamers and the two gunboats put to sea

The Invalide Russe of the 1st inst, publishes Prince Gortschakoff's Journal of military operations from the 17th to the 2nd of July.

The Prince affirms that the well directed fire of his artillery often silences our batteries and drives our men from the trenches. On the other hand his engineers, besides repairing the damages done to the fortifications, improve the line of defence and add to the number of the Russian batteries.

SECOND DESPATCH.

Republican Mass Meeting in Ohio.

Cincinnati, 22d—The Republicans held a mass meeting here last night. It was addressed by Hon S. P. Chase, L. D. Campbell, and Capt. Ford. Mr. Chase denied that his election to the U S Senate was owing to an arrangement given, two Democrat members seats as State representatives for their votes. He denied being a disunionist. No expression, sentence, or letter had ever come from him that was not legal to the Union. He had no sympathy with the Garrison party of the north, nor with the nullifiers of the south, but he thinks the slavery question has been precipitated by the Kansas bill, and had now become paramount and imminent. He would not interfere with slavery where it exists by law, but was opposed to its extension over new territories. It must not interfere with the great bond of the republican Union, and we must rescue Kansas from the grasp of the slave State invaders. Ohio pays one tenth of the national expenses. Retrenchment was needed. He had always favored internal improvements. He was severe on the administration for favoring southern interests. The meeting was orderly and enthusiastic. Three or four thousand persons were present.

Washington Items.

WASHINGTON, Aug. 22.

The reply of Col. Busch, District Attorney of Kansas, to charges similar to those alleged for Gov. Reeder's removal, is received. No reply has yet come to hand from Judge Johnson.

STARCH POLISH!

THIS labor saving preparation has long been tested by the best judges and pronounced by them as the most beautiful Polish ever brought before the public. It is free from any ingredients injurious to the finest fabrics, and gives a rich, glossy appearance to Linen, as well as preventing the iron from sticking to the same. Ladies who have tried it pronounce it invaluable. Give it one trial, and you will be satisfied of its superior qualities. Prepared and sold by D TAYLOR, Jr., Agent, 10 Broad street, Boston, Mass.

First Premium
PIANO FORTES!

WE have received the agency, for Bangor and vicinity, for the sale of

Brown & Allen's Piano Fortes,

which are acknowledged by competent judges to be, in the essential requisites of a Piano, the *best* now made in this country

Mr Brown was of the old firm of Brown & Hallett, (whose Pianos have been long in the market, and are much admired for their durability and purity of tone) subsequently ten years foreman in the justly celebrated manufactory of the late Jonas Chickering, Esq., where he perfected and applied his PATENT GRAND ACTION

Piano Fortes of their manufacture are distinguished for LENGTH, pure *musical* quality of tone, and superior *elastic* action. See extract from Report of Committee on Musical Instruments, at the Rhode Island society for the encouragement of Domestic Industry, holden September 12th to 16th, 1854

"After a careful examination of the workmanship, externally and internally, and after repeated trials and hearings, your Committee feel prepared to say that this (*Brown & Allen's*) Piano Forte is one of the very best they have ever met with in the course of some *twenty years* observation of the progress of Piano Forte manufacture in this country. In *purity*, combined with *power* and *mellowness of tone*, in *evenness* of tone from the bottom to the top of the scale, in the great excellence of the action, in thoroughness and elegance of workmanship throughout, in all the qualities, in short, which unitedly constitute a first rate Piano Forte, this instrument, in the opinion of your Committee, has not heretofore been surpassed by any Square Piano forte hitherto produced among us, and they consider it eminently worthy of the highest premium in this department"

Read the following certificate from a well known competent judge

—CERTIFICATE—

To whom it may concern—I have had occasion to use, and to select for many of my friends, Piano fortes made by Messrs Brown & Allen, and I do not hesitate to say that their instruments are not second to those made by any other person or persons in the city, and in many of the more important points, such as purity of tone and neatness of touch, durability, &c., I cannot but give to them the preference. I would therefore recommend to those who may wish to purchase, to call at 354 Washington street and examine for themselves

To Holders of
LAND WARRANTS!!

John L. Hodsdon,

DOW'S BLOCK, Hammond Street, Bangor, would call the attention of those who may have *LAND WARRANTS* to sell, to the fact that he has orders for large numbers of Land Warrants from parties in the West, who authorize him to pay for the same the highest market value in CASH. Any person having a Warrant may therefore be assured that he can obtain from Mr. H. the most favorable price for it

To those who desire to

Locate their Warrants,

he would further say that he has skilled and careful agents in the States of

KENNEDY'S MEDICAL DISCOVERY

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two He has now in his possession over two hundred certificates of its cures, all within twenty miles of Boston.

Two bottles are warranted to cure a running scrofula

One to three bottles will cure the worst kind of pimples on the face

Two to three bottles will cure the system of boils.

Two bottles are warranted to cure the worst canker in the mouth and stomach

Three to five bottles are warranted to cure the worst cases of erysipelas

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the very worst cases of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so impossible to those who have in vain tried all the wonderful medicines of the day as, that a common weed, growing upon this pastures, and along old stone walls, should cure every humor in the system yet it is now a fixed fact. If you have a humor it has to start. There are no life nor ands about it, no long some cases but not years. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts He gives it to children a year old, to old people of sixty, and has seen puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and deafness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very angular feelings, but you must not be alarmed—they always disappear in from four days to a week.—There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get and enough of it.

ROXBURY, Sept 19, 1853

This is to certify that H H. HAY, Druggist, Portland, is the duly AUTHORISED GENERAL AGENT for my MEDICAL DISCOVERY for the STATE OF MAINE; and that he is supplied with the GENUINE, direct from my Laboratory.

TESTIMONY FROM MAINE.

Capt. Daniel Abbott, Brooklin, Maine, July 16, 1853, says, "I was taken sick one year ago last April, upon my passage from Havana to Charleston, S.C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite At last taking up a newspaper having long advertisement of Hoofland's German Bitters in it, I sent for some immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man—I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I have now given up going to sea and reside in this place, where you should have an agency, so you could sell large quantities of it"

Jos. B. Hall & Co, Presque Isle, Aroostook Co, Maine, April 24, 1854, say "We herewith send you a certificate of a cure performed by the use of *one one bottle* of the German Bitters We think Mr Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos B Hall & Co—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters, I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken at best a few days when she began to improve, and now, after taking *only one bottle*, she is enjoying better health than she has for years—She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters WILLIAM CLARK.

Salmon Brook, Aroostook Co., Me

You should bear in mind that these Bitters are *entirely vegetable*, thereby possessing advantages over most of the preparations recommended for similar diseases.

IMPORTANT PROCLAMATION!

A Great Mystery Explained.

In the year of our Lord 1817, in our capacities of analytical chemists, we discovered that by uniting certain vegetable agents, which had never before been used in medicine, we obtained properties possessing such a marvellous quick power over PAIN, that the moment it was applied to the parts affected with pain, all distress ceased. The most torturing pains were relieved in an instant, and the most violent spasms and irritations were soothed, and the system restored to perfect ease in a few minutes

In 1849 we introduced this Remedy to the world under the name of

RADWAY'S READY RELIEF

It has been used by hundreds of thousands throughout the United States, giving instant ease to all troubled with Pain or Sickness

One application externally, or a few drops taken internally, will instantly free the sufferer from the most violent and terrible pains, and restore the weak, feeble, and prostrated frame to strength and vigor.

No person has ever used RADWAY'S READY RELIEF without derriving some special benefit in less than fifteen minutes after its use

Let those who are now suffering any severe pains give it a trial, for in fifteen minutes they will enjoy ease and comfort

RADWAY'S READY RELIEF

was the first and is the only remedy ever discovered that will stop the most torturing pains in a few seconds, and free the system from Rheumatic, Neuralgic, Nervous, and Mismatic Disorders in a few hours It will cure and protect the system against sudden attacks of

CHOLERA,	DYSENTERY,
DIARRHŒA,	CHOLERA MORBUS,
BILIOUS CHOLIC,	FEVER AND AGUE,
PNEUMONIA,	INFLUENZA.

Bear in mind, it is a powerful Disinfectant, antiseptic, diffusive stimulant, nervine, and spasmodic, and counter irritant

The R. R. REMEDIES are medical discoveries of the present century They are prepared on an entire new and original theory, "to stop pain instantly," and protect the human system against sickness or any sudden attacks. The doses required to be taken are small A few drops of READY RELIEF exercise a powerful influence over diseased action

IT HAS CURED

Rheumatism in four hours,
Neuralgia in one hour,
Croup in ten minutes,
Diarrhœa in fifteen minutes,
Toothache in one second,
Spasm in five minutes,
Sick Headache in fifteen minutes,
Chill Fever in fifteen minutes,
Chilblains in five minutes,
Sore Throat in four minutes,
Influenza in one hour.

SPINAL COMPLAINTS, Stiff Joints, Cuts, Bruises, Wounds, Frost Bites, Cholera Morbus, Dysentery, Tic Doloreux, and all other complaints where there are severe pains, RADWAY'S READY RELIEF will instantly stop the pain, and quickly cure the disease

[For the remarkable efficacy of R. R. R Discovery, No. 2, and the complaints cured by Radway's Renovating Resolvent, see in next week's paper]

R. R Remedies are sold by Druggists every where. H H HAY, Druggist, Portland, general agent for the State of Maine.

Decidedly the greatest Medicine for the Least Money in the world.

The Ladies all like them for they are sure to do them good.

The Roots and Herb Bitters have cured the past year,

19,000 cases of JAUNDICE,	
11,000 cases of LIVER COMPLAINT,	
17,000 cases of DYSPEPSIA,	
20,300 cases of BAD HUMOR,	
20,000 cases of COSTIVENESS,	
13,000 cases of PILES,	
19,000 cases of COUGHS and COLDS,	

and have cured and benefitted more than 200,000 persons besides.

Diseased liver—Torment of the age,
Was fought and vanquished by great Langley's plan,
Next gloomy Jaundice, trembling fled the field,
By Langley's Bitters forced at last to yield—
Then dread Dyspepsia left the scene of strife
For dared to face the glorious draught of life!
Bile, Headache, Humors, Piles and Costiveness,
These dreaded ills which cause such wretched mess,
By Langley's Bitters, are forced to yield,
While Health and Strength united take the field
Are you tormentors folks—when this medicine is used,
Medicine absolute to by it intoned,
Nor need the fond mothers feel anxious alarm,
To the tendrest infant it cannot do harm.
Pleasant to take and always does good.

DR. J. H. SCHENCK'S SEA WEED TONIC,

—FOR THE—

Cure of Dyspepsia.

THIS remedy is composed of a compound preparation of a common weed growing along the sea shore, and is a certain remedy for the cure of Dyspepsia and its accompanying diseases, to wit

Sour and Sick Stomach, Loss of Appetite, Headache, Pain in the Side and Breast, Palpitation of the Heart Livers and Eruptions of all kinds, Chills and Fever, Costive, and Diseases of the Kidneys, Nervousness, Weakness of the Limbs Fainting Spells, and all diseases peculiar to Females

RADWAY'S READY RELIEF

Nearly every person is more or less afflicted with Dyspepsia, or some of the diseases connected with it, and it is with feelings of pleasure that Dr Schenck can announce to all such the discovery of the virtues of the Sea Weed, which is just the remedy for their ailments Dyspepsia and the many diseases arising from it, is caused by the deficient secretion of the gastric juices; and weakness of the powers of the stomach The effect of the Sea Weed Tonic is felt soon after it is taken, as it supplies at once the principles of the different gastric juices, and the food is digested naturally In fact the Tonic so nearly resembles the natural gastric juice that chemists even find difficulty in distinguishing them It gives tone and strengthens the stomach, thus enabling it to secrete the proper quality and quantity of Gastric juice, and Dyspepsia and all its diseases soon disappear

It is a well known fact that none suffer like the Dyspeptic, for in addition to the Dyspepsia there is often either Headache, Sour and Sick Stomach, Pain in the Side, Palpitations of the Heart, Chills and Fever, Gravel, Disease of the Kidneys, Nervous Weakness and Tremors, General Debility, Faintness, Loss of Appetite, Bad Taste, Fever, Stoppages in females all or each of them arising from a disordered state of the Stomach, and here is a newly discovered *remedy*, for the trifling sum of one dollar, that will cure all this train of disease!

Now, Dyspeptic, will you not avail yourself of this remedy for so trifling a cost or will you still suffer on? The choice is for you to make The Sea Weed Tonic is a pleasant bitter, giving a person a good appetite and good digestion is put up in quart bottle, always agrees with the stomach, and one *bottle* generally effects a cure Whenever the bowels are costive, the tongue furred, or the complexion sallow, a few of Schenck's Mandrake or Liver Pills are to be used. A box of these Pills accompany each bottle of the Tonic, and will be found in a recess of the bottle, covered with a label

SCHENCK'S MANDRAKE PILLS

Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver and give a healthy tone to the entire system Indeed, it is no ordinary discovery in Medical Science, to have invented a remedy for these stubborn complaints, which develope all the results produced by a heretofore free use of calomel—a mineral justly dreaded by mankind—and acknowledged to be destructive in the extreme to the human system That the properties of certain vegetables comprise all the virtues of calomel, without its injurious tendencies, is now an admitted fact, rendered indisputable by scientific researches, and those who use the Mandrake Pills will be fully satisfied that the best medicines are those provided by nature in the common roots and herbs of the fields

The Pills open the bowels and correct all bilious derangements without salivation, or any of the injurious effects of calomel or other poisons. The secret on of bile is promoted by these Pills, as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleansing of the tongue.

Ample directions for use accompany each box of Pills, and the price of a
